THE COURSES

The Moors is a fabulous, testing 9 Hole golf course, with its clever design allowing alternate tees and greens to make playing 18 far more interesting and enjoyable.

Aptly named due to the canal and the many water features on the course, The Moors will certainly surprise you. Incredibly difficult Par 3 holes with small greens means protecting your card is very important. Some scorable par 4's with the odd surprise and the deceptively long Par 5 make up the 9 holes.

Built on a sandy base giving perfect drainage throughout the year, we managed a staggering 97.8% on full greens and tees this past 12 months!

The total yardage for 9 holes is 2633 yards

The Academy course is a perfect way to start your golf course experience or equally to sharpen the most valuable part of the game

Academy Holes are from 55 yards to 110 yards
